The Intelligent Option Investor: Applying Value Investing to the World of Options Erik Kobayashi-Solomon 2014-08-29 HOW TO USE YOUR HUMAN ADVANTAGE TO OUTPERFORM ALGORITHMS IN THE OPTIONS MARKET If you're a value investor who wants to get your money into the lucrative options market, forget about day trading, chart patterns, and market timing. This systematic book lays out a path to long-term wealth by taking positions on companies with real intrinsic value—the kind Ben Graham and Warren Buffett would invest in. Leave the complex algorithms and “Greeks” for the floor traders. Erik Kobayashi-Solomon, former investment banker, hedge fund risk manager, and valuation consultant to the World Bank, gives you the knowledge and sophistication to understand what options pricing reveals about the market’s estimation of future stock prices. He then demonstrates how to find tremendous opportunity for low-risk, high-profit investments in the difference between the market’s mechanized price ranges and ones made by you, a thoughtful human being armed with the insight this book offers. Everything you need to make options a powerful contributor to your portfolio is inside, including: A thorough explanation of what options are and what their prices can tell you about the market’s expectations for the future price of a stock A proven way to envision the *risk/reward* trade-off for stocks and options and a straightforward method to use the flexibility and directionality of options to tilt the *risk/return* balance in your favor A robust and intuitive framework for assessing the value of a company Strategies to avoid the most common behavioral pitfalls Tips for using the information on an option-pricing screen Thorough coverage of important option investment strategies, including “covered calls,” “protective puts,” and “collars” Regardless of your experience level with options, this versatile guide makes you a better investor. Beginners get a turnkey solution to growing wealth in options, experienced investors gain savvy guidance for fine-tuning their practices, and professional investors learn how to effectively incorporate options into a portfolio. Understanding valuation in this perceptive light lets you earn the consistent profi ts of The Intelligent Option Investor. The Intelligent Option Investor is the hands-on guide to using a cuttingedge valuation framework in the fast-paced options market to boost growth, protect gains, and generate income. It explains how to use your insightful human mind to recognize when mechanized options pricing undervalues a stock. Once you see an opportunity, you'll have all the tools you need to execute a fact-based decision about how and when to invest in the company. Have your money make the most for you with the potent blend of timehonored value investing strategies and hot options vehicles in The Intelligent Option Investor. PRAISE FOR THE INTELLIGENT OPTION INVESTOR: "The Intelligent Option Investor reflects Erik's keen understanding of how companies create value for their owners, which is essential to successful option investing. In addition to showcasing Erik's expertise in developing option investment strategies based on fundamental security analysis and a long-term time horizon, this book delivers the information in a way that's accessible to individual investors, offering them the resources to use options to help them meet their financial goals." -- JOE MANSUETO, founder, chairman, and CEO, Morningstar, Inc. "Erik knows—and lays out here—that to use options successfully, you need to understand the underlying stock and its valuation first. This is one of few books on options that teaches this fruitful, combined approach. And that's why it works." -- JEFF FISCHER, advisor, Motley Fool Options

The Professionalization of Action Sports Guillaume (Emlyon Business School Dumont, France) 2022-07-28 Action sports have undergone dramatic growth, commercialization, and institutionalization over recent decades. This book uncovers the social, political, economic and organizational dynamics of their professionalization. After sketching some of the main transformations at stake in the field, the contributors provide novel insights into the changing structures in the action sports industry and the effects on athletes, coaches, agents and the cultures more broadly. Such trends came to the fore in the inclusion of surfing, skateboarding, sport climbing and BMX freestyle into the Tokyo Olympic Games. The book explores the working lives of action sports athletes, more specifically when it comes to their social media practices and the commercial pressure emerging from sponsors, and it also provides key insights into the institutionalization and professionalization of action sports amid ongoing processes of globalization, commodification and incorporation. Overall, the book reveals how different action sports (i.e., snowboarding, surfing, kiteboarding, parkour, climbing, skateboarding), and across countries, are at various stages in the professionalization process, with local, national and international responses and reactions to such trends differing considerably. The chapters in this book were originally published as a special issue of Sport in Society.

European Erotic Romance Victor Skretkowicz 2018-07-30 European Erotic Romance examines the Renaissance production and translation of the ancient Greek erotic romances, and English adaptations of the genre by Sir Philip Sidney, Shakespeare and Lady Mary Sidney Wroth. Providing fresh insight into the development of the novel, this study identifies the politicisation of erotic romance by the European philhellene (lovers of all things Greek) Protestant movement. To English translators and authors, the complex plots, well developed moralised characters (particularly female) and rhetorical styles of the ancient novels signify political and social reform. Generous quotation and translations ensure that European Erotic Romance is accessible to a broad spectrum of readers. Its organisation lends itself to use as a course text. It is suitable for use by senior undergraduates and specialists in Renaissance literature, translation, rhetoric and history.

Tigers be Still Kim Rosenstock 2013 A comedy that follows the misadventures of Sherry Wickman, a young woman who has recently earned her masters degree in art therapy only to find herself moving back home. Unemployed and overwhelmed, Sherry retreats to her childhood bed and remains there until an unexpected employment opportunity gives her a renewed sense of purpose and hope. *Conquering the Desert of Death* Charles Blackmore 2008-02-15 The ferocious Taklamakan desert in Central Asia, one of the largest sandy deserts in the world and the harshest on earth, is known by the Chinese as the “desert of death” or the “place of no return." Its unknown depths are said to be haunted by demons and spirits and legend has it that ancient cities filled with treasure lie lost and buried beneath its dunes. The only certainty is that no human being in history had ever crossed it from end to end. But, after five years of planning, in 1993, Charles Blackmore together with a team of British, Chinese and Uyghurs and a caravan of thirty camels, set out to accomplish the seemingly impossible: they would cross the Taklamakan, west to east, directly through its unmapped, untrdden centre. Conquering the Desert of Death is at once a deeply personal journey and the story of an adventure that will go down in history as one of the great achievements of exploration.

When the Wolves Bite Scott Wapner 2018-04-24 The inside story of the clash of two of Wall Street’s biggest, richest, toughest, most aggressive players—Carl Icahn and Bill Ackman—and Herbalife, the company caught in the middle With their billions of dollars and their business savvy, activist investors Carl Icahn and Bill Ackman have the ability to move markets with the flick of a wrist. But what happens when they run into the one thing in business they can’t control: each other? This fast-paced book tells the story of the clash of these two titans over Herbalife, a nutritional supplement company whose business model Ackman questioned. Icahn decided to vouch for them, and the dispute became a years-long feud, complete with secret backroom deals, public accusations, billions of dollars in stock trades, and one dramatic insult war on live television. Wapner, who hosted that memorable TV show, has gained unprecedented access to all the players and unravels this remarkable war of egos, showing the extreme measures the participants were willing to take. When the Wolves Bite is both a rollicking, entertaining read—a great business story of money and power and pride.

The Convenience of White-Collar Crime in Business Petter Gottschalk 2020-01-17 This book outlines the theory of convenience for white-collar crime to explain what motivates and enables offenders, providing a unique focus on white-collar crime in the business context. The theory of convenience suggests that the extent to which elite members commit and conceal economic crime is dependent on their extent of orientation towards convenience in problematic and attractive situations. Chapters are organized along the main theoretical dimensions of economical motive, organizational opportunity, and personal willingness. In addition, this book: Addresses a business audience by focusing on themes familiar to corporations Documents attitudes towards white-collar crime among business students and future business leaders Analyzes how convenience orientation varies among individuals Analyzes autobiographies of convicted white-collar offenders Demonstrates the various ways in which white-collar crime occurs The Convenience of White-Collar Crime in Business contributes to an increased understanding of white-collar crime, offering valuable insight in business education that supplements the traditional roles of topics like auditing and compliance in education and practice. It is a useful resource for researchers and law enforcement, and those involved in the detection, prosecution, and conviction of white-collar offenders.

Women Behind Bars Tom Eyen 1975 "In this hilarious satire on B-movies of the 1950's, Mary Eleanor, an innocent duped into crime, lands in the Greenwich Village Woman's House of Detention, presided over by a massive matron with a taste for sadism and female flesh as our heroine, now Caged in the Big House, learns about life The Hard Way." -- Publisher's description

The Little Soul and the Sun Neale Donald Walsch 1998-03-01 The Little Soul and the Sun is a simple and powerful story that brings children a very profound truth: there is not absolute good or bad—that underneath all that happens in the world, all that we call “good” and all that we call “bad,” is love. Your child will discover a God that she or he can love, because God is love, as are all the Little Souls who are a part of God. And perhaps parents, too, will rediscover who they really are.

Clerical Fascism in Poland 2015-2020 B. Andersen 2020-07-11 Discussing Italian Fascism, scholars start with the year 1922, not just the last years of the system, including the 1938-1943 racial laws. It appears that it takes

some time for a fascist system to establish itself (Lyttelton, 2004). Therefore, it is essential to recognise the early warning signs of fascism to avoid its emergence in full bloom.Clerical fascism is a specific type of fascism. It is a nationalistic political system rejecting liberal democracy considered hostile to the 'Christian tradition', social changes, including women's rights and sexual liberalism, and a notion of 'restoring' Western culture (Pollard, 2007, p. 434).This publication argues why it is justifiable to consider the Poland of Andrzej Duda and Law and Justice as a multi-party clerical fascist state, where many parties exist, creating an impression of pluralism, but the ruling parties are ideologically identical in practical terms. Establishing what the system is and how it works will help to address the source of the problems and the outcomes it produces, e.g. through internal awareness of the situation and pressure from the international community.It also attempts to present a brief case study of a modern fascist state and how it operates. It explores various aspects of the state, particularly the troika of crucial actors: the far-right propagandists, the powerholders, and the Roman Catholic Church. While religious fundamentalism and authoritarianism is important, money also plays an important part in the regime, including lucrative contracts and prestigious jobs.The timescale examined in this publication is the recent past, from 2015 until the date of publication. The language is simplified for the purpose of accessibility. Sources are of highest possible quality.The publication also calls for more research on modern fascism. It also serves as a warning to democracies to keep and create safeguards protecting people and institutions from abuse of power.

The Green Pearl Jack Vance 2016-07-01 In the second volume of the Lyonesse trilogy, new threads are woven into the epic tapestry begun in Suldrun's Garden. While war rages across the Elder Isles, King Aillas's true love, Glyneth, is carried off to a parallel world by an amoral magician in the pay of the wicked King Casmir. Meanwhile, a sorceress's malice, condensed into a green pearl, passes from hand to hand bringing poignant misery to whomever it touches. Jack Vance conjures up a tale of war and politics, magic and derring-do, presented in the inimitable style that has made him one of fantasy's acknowledged grandmasters. - Matt Hughes "The Green Pearl" is Book II of the Lyonesse series, and Volume 53 of the Spatterlight Press Signature Series. Released in the centenary of the author's birth, this handsome new collection is based upon the prestigious Vance Integral Edition. Select volumes enjoy up-to-date maps, and many are graced with freshly-written forewords contributed by a distinguished group of authors. Each book bears a facsimile of the author's signature and a previously-unpublished photograph, chosen from family archives for the period the book was written. These unique features will be appreciated by all, from seasoned Vance collector to new reader sampling the spectrum of this author's influential work for the first time. - John Vance II

Suldrun's Garden Jack Vance 2016-07-01 Take a doomed princess, a dispossessed prince and a wicked king, a vengeful magician and a melancholy witch; now add fairies, ogres, changelings, scheming barons, wanderers who are not what they seem, robbers, orphans, and a race of hardbitten warriors at war with all humanity. Stir in politics, intrigue, plots and assassinations, battles and sieges, then set it all to simmer in a mythical archipelago across the western sea before the time of Arthur. Jack Vance draws together the threads of fairy tale and pagan myth to weave an epic tapestry of adventure and intrigue in the Elder Isles. The result is a masterpiece. - Matt Hughes "Suldrun's Garden" is Book I of the Lyonesse series, and Volume 52 of the Spatterlight Press Signature Series. Cryptocurrencies Simply Explained - By Tenx Co-Founder Dr. Julian Hosp Julian Hosp 2017-12-21 The easiest way into the world of blockchain, cryptocurrency, decentralization, bitcoin, icos, and co: Have you ever asked yourself what a cryptocurrency, a blockchain, or Bitcoin is? How about the word "decentralization?" You might have heard that "these things are coming" and "will take over the world." No matter if you have or haven't, "they" are right-these things are coming. And "these things" will play just as important a role as the internet has for the past 20 years. You know who "won" with the internet? The people who started preparing for it at the beginning, using it personally or for their business before others did. With this new technology called blockchain, a similar window of opportunity has started to open. If you have no clue what a blockchain, a cryptocurrency, or Bitcoin is, don't worry-most of the population doesn't. One of the main challenges for anyone trying to get familiar with these topics is the question of "Where should I start?" This is exactly what prompted me to write this book. In the simplest way possible, I will explain all the aforementioned points so even a 10-year-old could understand them. At the same time, I will reference the details on a technical level to give you both the large scale and the detailed picture.

Explaining something to a 10-year-old is in no way a commentary on anyone's intelligence. I'm just following Albert Einstein's advice: "If you can't explain it simply, you don't understand it well enough." My ultimate goal is to make people all around the world #CRYPTOFIT. I.E fit in with this new wave of decentralization and blockchain. 10 things you will learn in this book that will blow your mind: What does "backed by gold" actually mean? Will cryptocurrencies replace fiat currencies? Can an internet outage destroy cryptocurrencies? Does mining really create cryptocurrencies? (Hint: It doesn't) Is a maximum amount of Bitcoin really good for a currency? How do I get a cryptocurrency account if no one is in charge? Are cryptocurrencies better than fiat currencies? Is blockchain the only solution for decentralization? Which technology will win? (Hint: Not the best one!) Can you lose a coin? (Hint: You can NOT) Enjoy the read - Yours, Dr. Julian Hosp An overview of the areas covered in the book: FROM GOLD TO CRYPTO BLOCKCHAIN AND CRYPTOOCURRENCY BASICS PRIVATE KEYS AND PUBLIC ADDRESSES MINING HOW ARE CRYPTOCURRENCIES CREATED? WALLETS BLOCKCHAIN FORKS AND ATTACKS DESTROYING A CRYPTOCURRENCY? PRIVACY, ANONYMITY, AND TRANSPARENCY ALTCOINS AND BITCOIN CRYPTO-INVESTING THE FUTURE OF CRYPTOCURRENCIES BONUS CHAPTER: INITIAL COIN OFFERINGS (ICOs)

Discrimination, Vulnerable Consumers and Financial Inclusion Cătălin-Gabriel Stănescu 2020-12-29 This book addresses the questions of discrimination, vulnerable consumers, and financial inclusion in the light of the emerging legal, socioeconomic, and technological challenges. New technologies – such as artificial intelligence-driven consumer credit risk assessment and Fintech platforms, the changing nature of vulnerability due to the ongoing COVID-19 pandemic, as well as the sophistication of digital technologies, which help circumvent legal barriers and protections – necessitate the continuous study of the existing legal frameworks and measures that are capable of tackling these challenges. Organized in two major parts, the first addresses, from multiple national angles, the idea of a human rights approach to consumer law, in order to replace the mantra of economic efficiency that characterizes financial services with those of human dignity and freedom from discrimination and from debt-induced servitude. The second tackles the challenges posed by increased usage of technology in connection with financial services, which tends to solve, but also creates, additional issues for consumers in general, and for vulnerable groups in particular.

The History Of Atlantis Lewis Spence 2013-11-26 The History of Atlantis may, in the light of our present knowledge of Plato 's sunken island, appear as a somewhat presumptuous title for a work, the object of which is to present a general outline of what is known concerning Atlantean civilisation. Yet the author placed this study upon a scientific basis, and in so doing he has attached the description of "history" to this work in the hope that the mere invocation of such a name will endow it with the spirit which should inspire all histories a desire to arrive at fundamental truth by every available means. Contents: Preface Introductory The Sources Of Atlantean History I: The Writings Of Plato The Sources Of Atlantean History Ii: From The Fourth Century B.C. Atlantean Historical Sources Examined The Geography Of Atlantis The Races Of Atlantis The Stone Age In Atlantis The Kings Of Atlantis Atlantis In Britain The Traditions Of Atlantis Life In Atlantis The Atlantean State And Polity The Religion Of Atlantis Animal Life In Atlantis The Colonies Of Atlantis The Atlantean Culture Complex A Life Well Played Arnold Palmer 2016-10-11 The instant New York Times bestseller This book is Palmer’s parting gift to the world -- a treasure trove of entertaining anecdotes and timeless wisdom that readers, golfers and non-golfers alike, will celebrate and cherish. No one has won more fans around the world and no player has had a bigger impact on the sport of golf than Arnold Palmer. In fact, Palmer is considered by many to be the most important professional golfer in history, an American icon. In A Life Well Played, Palmer takes stock of the many experiences of his life, bringing new details and insights to some familiar stories and sharing new ones. This book is for Arnie’s Army and all golf fans but it is more than just a golf book; Palmer had tremendous success off the course as well and is most notable for his exemplary sportsmanship and business success, while always giving back to the fans who made it all possible. Gracious, fair, and a true gentleman, “Arnie” was the gold standard of how to conduct yourself in your career, life, and relationships. Perfect for men and women of all ages, his final book offers advice and guidance, sharing personal stories of his career on the course, success in business, and the great relationships that gave meaning to his life.

The Fight for Everest 1924 E.F. Norton 2015-10-08 In 1924 Mount Everest remained unclimbed. Two British expeditions had already tackled what was known to be the highest mountain on Earth. The first, in 1921, found a route to the base. The second, in 1922, attempted the summit, reaching a record height of 27,320 feet before retreating. Two years later, a team that included Colonel E.F. Norton, George Mallory and Andrew Irvine returned to the Himalaya. Armed with greater knowledge and experience, confidence was high. But they were still climbing into the unknown. How high could they climb without supplementary oxygen? Would the cumbersome oxygen equipment help them climb higher? Could they succeed where others had failed, and make the first ascent of the highest mountain on earth? Before they could find out, tragedy struck - George Mallory and Andrew Irvine, climbing high on the mountain, vanished into the clouds. First published in 1925, and reissued now for only the second time, The Fight for Everest 1924 is the official record of this third expedition to Everest. The compelling narrative by Norton and other expedition members, and Mallory's vivid letters home, present a gripping picture of life in the Himalaya. Notes and observations from the entire team show how far knowledge of the mountain and of high-altitude climbing had advanced by 1924, and make recommendations for future Everest attempts. As well as the full original text and illustrations, this edition reproduces some of Norton's superb pencil sketches and watercolours along with previously unpublished materials from his private archive. These include original planning documents from the expedition, Mallory's last note to Norton, and a moving letter to Norton from Mallory's widow. Together, they add up to complete one of the most fascinating mountaineering books ever written.
