The Friendship Pact Jill Shalvis 2022-06-14 New York Times bestselling author Jill Shalvis returns to Sunrise Cove with a powerful, moving story about a young woman on a quest to find the truth about her father who learns the meaning of true love along the way. Alone in the world, Tae Holmes and her mother April pretty much raised each other, but as Tae starts asking questions about the father she's never met, April, for the first time in her life, goes silent. To make matters worse, Tae is dangerously close to broke and just manages to avoid financial meltdown when she lands a shiny new contract with an adventure company for athletes with disabilities and wounded warriors. Her first big fundraiser event falls flat, but what starts out as a terrible, horrible, no-good night turns into something else entirely when Tae finds herself face-to-face with Riggs Copeland. She hasn't seen the former Marine since their brief fling in high school, and while still intensely drawn to him, she likes her past burned and buried, thank you very much. Hence their friendship pact. But when April oddly refuses to help Tae track down her father, it's Riggs who unexpectedly comes to her aid. On a hunt to unlock the past, the two of them find themselves on a wild ride and learn a shocking truth, while also reluctantly bonding in a way neither had seen coming. Now Tae must decide whether she's going to choose love ... or walk away from her own happiness.

The Global Findex Database 2017 Asli Demirguc-Kunt 2018-04-19 In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at www.worldbank.org/globalfindex.

English File third edition: Intermediate: Workbook with key Christina Latham-Koenig 2013-04-25

The Zones of Regulation Leah M. Kuypers 2011 "... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD." --Publisher's website.
