*An Introduction to Religion and Literature* Mark Knight 2009-01-15 Religion has always been an integral part of the literary tradition: many canonical and non-canonical texts engage extensively with religious ideas, and the development of English Literature as a professional discipline began with an explicit consideration of the relationship between religion and literature. Literature also plays an important role in religious writing, as twentieth-century work on narrative theology has acknowledged. Both the recent theological turn of literary theory and the renewed political significance of religious debate in contemporary western culture have generated further interest in this interdisciplinary area. An Introduction to Religion and Literature offers a lucid, accessible and thoughtful introduction to the study of religion and literature. While the focus is on Christian theology and post-1800 British literature, substantial reference is made to earlier writers, texts from North America and mainland Europe, and other faith positions. Each chapter takes up a major theological idea and explores it through close readings of well-known and influential literary texts.

Clanton, Jr. 2020-11-24 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades, and the time seems ripe for a broadly-conceived work that assesses the current state of the field, offers examples of work in that field, and suggests future directions for further study. This Handbook includes a wide range of topics organized under several broad themes, including biblical characters (such as Adam, Eve, David and Jesus) and themes (like Creation, Hell, and Apocalyptic) in popular culture; the Bible in popular cultural genres (for example, film, comics, and Jazz); and "lived" examples (such as museums and theme parks). The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing. **Bollywood Horrors** Ellen Goldberg 2020-11-12 Bollywood Horrors is a wide-ranging collection that examines the religious

aspects of horror imagery, representations of real-life horror in the movies, and the ways in which Hindi films have projected cinematic fears onto the screen. Part one, "Material Cultures and Prehistories of Horror in South Asia" looks at horror movie posters and song booklets and the surprising role of religion in the importation of Gothic tropes into Indian films, told through the little-known story of Sir Devendra Prasad Varma. Part two, "Cinematic Horror, Iconography and Aesthetics" examines the stereotype of the tantric magician found in Indian literature beginning in the medieval period, cinematic representations of the myth of the fearsome goddess Durga's slaying of the Buffalo Demon, and the influence of epic mythology and Hollywood thrillers on the 2002 film Raaz. The final part, "Cultural Horror," analyzes elements of horror in Indian cinema's depiction of human trafficking, shifting gender roles, the rape-revenge cycle, and communal violence.

**Silver Screen Buddha** Sharon A. Suh 2015-01-29 How do contemporary films depict Buddhists and Buddhism? What aspects of the Buddhist tradition are these films keeping from our view? By repeatedly romanticizing the meditating monk, what kinds of Buddhisms and Buddhists are missing in these films and why? Silver Screen Buddha is the first book to explore the intersecting representations of Buddhism, race, and gender in contemporary films. Sharon A. Suh examines the cinematic encounter with Buddhism that has flourished in Asia and in the West in the past century – from images of Shangri-La in Frank Capra's 1937 Lost Horizon to Kim Ki-Duk's 2003 international box office success Spring, Summer, Fall, Winter...and Spring. The book helps readers see that representations of Buddhism in Asia and in the West are fraught with political, gendered, and racist undertones. Silver Screen Buddha draws significant attention to ordinary lay Buddhism, a form of the tradition given little play in popular film. By uncovering the differences between a fictionalized, commodified, and exoticized Buddhism, Silver Screen Buddha brings to light expressions of the tradition that highlight laity and women, on the one hand, and Asian and Asian Americans, on the other. Suh engages in a re-visioning of Buddhism that expands the popular understanding of the tradition, moving from the dominance of meditating monks to the everyday world of raced, gendered, and embodied lay Buddhists.

**The Oxford Handbook of Feminist Approaches to the Hebrew Bible** Susanne Scholz 2020-12 "The Oxford Handbook of Feminist Approaches to the Hebrew Bible brings together 37 essential essays written by leading international scholars, examining crucial points of analysis within the field of feminist Hebrew Bible studies. Organized into four major areas - globalization, neoliberalism, media, and intersectionality, the essays collectively provide vibrant, relevant, and innovative contributions to the field. The topics of analysis focus heavily on gender and queer identity, with essays touching on African, Korean, and European feminist hermeneutics, womanist and interreligious readings, ecofeminist and animal biblical studies, migration biblical studies, the role of gender binary voices in evangelical-egalitarian approaches, or the examination of scripture in light of trans women's voices. The volume includes essays examining the Old Testament as recited in music, literature, film, and video games. In short, the book offers a vision for feminist biblical scholarship beyond the hegemonic status quo prevalent in the field of biblical studies, in many religious organizations and institutions that claim the Bible as a sacred text, and among the public that often mentions the Bible to establish religious, political, and socio-cultural restrictions for gendered practices. The exegetically and hermeneutically diverse essays demonstrate that feminist biblical scholarship forges ahead with the task of engaging manifold issues and practices that keep the gender caste system in place even in the early part of the twenty-first century. The essays of this volume thus offer conceptual and exegetical ways forward at a historic moment of global transformation and emerging possibilities"-

*Engaging with Living Religion* Stephen E. Gregg 2015-03-27 Understanding living religion requires students to experience everyday religious practice in diverse environments and communities. This guide provides the ideal introduction to fieldwork and the study of religion outside the lecture theatre. Covering theoretical and practical dimensions of

research, the book helps students learn to 'read' religious sites and communities, and to develop their understanding of planning, interaction, observation, participation and interviews. Students are encouraged to explore their own expectations and sensitivities, and to develop a good understanding of ethical issues, group-learning and individual research. The chapters contain student testimonies, examples of student work and student-led questions.

**Film, Lacan and the Subject of Religion** Steve Nolan 2009-09-23 In their study of religion and film, religious film analysts have tended to privilege religion. Uniquely, this study treats the two disciplines as genuine equals, by regarding both liturgy and film as representational media. Steve Nolan argues that, in each case, subjects identify with a represented 'other' which joins them into a narrative where they become participants in an ideological 'reality'. Finding many current approaches to religious film analysis lacking, *Film, Lacan and the Subject of Religion* explores the film theory other writers ignore, particularly that mix of psychoanalysis, Marxism and semiotics - often termed Screen theory - that attempts to understand how cinematic representation shapes spectator identity. Using translations and commentary on Lacan not originally available to Screen theorists, Nolan returns to Lacan's contribution to psychoanalytic film theory and offers a sustained application to religious practice, examining several 'priest films' and real-life case study to expose the way liturgical representation shapes religious identity. *Film, Lacan and the Subject of Religion* proposes an interpretive strategy by which religious film analysts can develop the kind of analysis that engages with and critiques both cultural and religious practice.

**Deep Focus (Engaging Culture)** Robert K. Johnston 2019-03-19 Three media experts guide the Christian moviegoer into a theological conversation with movies in this up-to-date, readable introduction to Christian theology and film. Building on the success of Robert Johnston's *Reel Spirituality*, the leading textbook in the field for the past 17 years, *Deep Focus* helps film lovers not only watch movies critically and theologically but also see beneath the surface of their moving images. The book discusses a wide variety of classic and contemporary films and is illustrated with film stills from favorite movies.

**Dreams, Doubt, and Dread** Zachary Thomas Settle 2016-08-24 Films are modern spiritual phenomena. They function as such in at least three profound ways: world projection, thought experiments, and catharsis (i.e., as dreams, doubt, and dread). Understanding film in this way allows for a theological account of the experience that speaks to the religious possibilities of film that far extend the portrayal of religious themes or content. *Dreams, Doubt, and Dread: The Spiritual in Film* aims to address films as spiritual experiences. This collection of short essays and dialogues examines films phenomenologically--through the experience of the viewer as an agent having been acted upon in the functioning of the film itself. Authors were invited to take one of the main themes and creatively consider how film, in their experiences, has provided opportunities for new modes of thinking. Contributors will then engaged one another in a dialogue about the similarities and differences in their descriptions of film as spiritual phenomena. The intended aim of this text is to shift contemporary theological film engagement away from a simple mode of analysis in which theological concepts are simply read into the film itself and begin to let films speak for themselves as profoundly spiritual experiences.

**A Critical Companion to Terrence Malick** Joshua Sikora 2020-09-30 "This collection presents comprehensive, unique scholarly analyses of Terrence Malick's films through the lenses of philosophy, poetry, cinema, and theology"--  
**The Bloomsbury Companion to Religion and Film** William L. Blizek 2013-01-17 Originally published as the *The Continuum Companion to Religion and Film*, this Companion offers the definitive guide to study in this growing area. Now available in paperback, the *Bloomsbury Companion to Religion and Film* covers all the most pressing and important themes and categories in the field - areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research. Twenty-nine specifically commissioned essays from a team of experts reveal where important work continues to be done in the field and provide a map of this evolving research area. Featuring chapters on methodology, religions of the world, and popular religious themes, as well as an extensive bibliography and filmography, this is the essential tool for anyone with an interest in the intersection between religion and film.

**Requiem for a nation** Roberto Cavallini 2017-05-30 00:00:00+02:00 The primary objective of this collection is to examine the ways in which religion, culture and politics converge in configuring the contradictions of post-war Italy's cultural history, starting from the assumption that conducting a critical reflection on Italian postwar visual culture requires investigating the inevitable impact of Catholic religion on everyday life in its social, political and cultural dimensions. The volume takes advantage of the privileged position of cinema to explore and critique religion's influence on the Italian cultural landscape. This edited anthology thus seeks to probe how religion is experienced, practiced, criticized and represented from various methodological perspectives (historical, philosophical, aesthetic, psychoanalytical, popular studies, etc.) through four main sections: 'Propaganda and Censorship', 'Framing Belief: Pasolini and Petri', 'Religion in Italian Popular Cinema' and 'Ancient Rituals, Modern Myths'.

**Martin Scorsese's Divine Comedy** Catherine O'Brien 2018-05-17 Catherine O'Brien draws on the structure of Dante Alighieri's *Divine Comedy* to explore Martin Scorsese's feature films from *Who's That Knocking at My Door* (1967-69) to *Silence* (2016). This is the first full-length study to focus on the trajectory of faith and doubt during this period, taking very seriously the oft-quoted words of the director himself: 'My whole life has been movies and religion. That's it. Nothing else.' Films discussed include *GoodFellas*, *The Last Temptation of Christ*, *Taxi Driver* and *Mean Streets*, as well as the more recent *The Wolf of Wall Street*. In Dante's poem in 100 cantos, the Pilgrim is guided by the poet Virgil down through the circles of Hell in *Inferno*; he then climbs the steep Mountain of the Seven Deadly Sins in *Purgatory*; and he finally encounters God in *Paradise*. Embracing this popular analogy, this study envisions Scorsese as a contemporary Dante, with his filmic oeuvre offering the dimensions of a cinematic *Divine Comedy*. Drawing on debates at the heart of religious studies, theology, literature and film, this book goes beyond existing explorations of religion in Scorsese's work to address issues of sin and salvation within the context of wider debates in eschatology and the afterlife.

**The Continuum Companion to Religion and Film** William L. Blizek 2009-08-30 The definitive guide to the study of film and religion.

**The Demise of Religion** Michael Stausberg 2020-12-10 This book is available as open access through the Bloomsbury Open programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com). It is funded by the Norwegian Academy of Science and Letters. Why do religions fail or die? Taking a multidisciplinary approach, this book explores this important question that has received little scholarly attention to date. International contributors provide case studies from the United States, England, Sweden, Japan, New Guinea, and France resulting in a work that explores processes of attenuation, disintegration, transmutation, death, and extinction across cultures. These include: instances where mass suicides or homicides resulted in religious dissolution; the fall of Mars Hills Church and its larger-than-life megachurch pastor,

accused of plagiarism and bullying in 2012; the death of the last member of the Panacea Society in England in 2012; and the disintegration of Knutby Filadelfia, a religious community in Sweden with Pentecostal roots that ceased to exist in May 2018 after a pastor shot his wife. Combining case studies and theoretical contributions, *The Demise of Religion: How Religions End, Die, or Dissipate* fills a gap in literature to date and paves the way for future research

**The Theatre and Films of Martin McDonagh** Patrick Lonergan 2014-03-20 Martin McDonagh is one of the world's most popular dramatists. This is a highly readable and illuminating analysis of his career to date that will appeal to the legions of fans of his stage plays and the films *Six Shooter* and *In Bruges*. As a resource for students and practitioners it is unrivalled, providing an authoritative and enquiring approach to his work that moves beyond the tired discussions of national identity to offer a comprehensive critical exploration. Patrick Lonergan provides a detailed analysis of each of his plays and films, their original staging, critical reception, and the connections within and between the *Leenane Trilogy*, the *Aran Islands* plays and more recent work. It includes an interview with Garry Hynes, artistic director of *Druid Theatre Company*, and offers four critical essays on key features of McDonagh's work by leading international scholars: Joan Dean, Eamonn Jordan, Jose Lanthers and Karen O'Brien. A series of further resources including a chronology, glossary, notes on McDonagh's use of language and a list of further reading makes this the perfect companion to one of the most exciting dramatists writing today.

**The Philosophy of Documentary Film** David LaRocca 2016-12-20 The spirit that founded the volume and guided its development is radically inter- and transdisciplinary. Dispatches have arrived from anthropology, communications, English, film studies (including theory, history, criticism), literary studies (including theory, history, criticism), media and screen studies, cognitive cultural studies, narratology, philosophy, poetics, politics, and political theory; and as a special aspect of the volume, theorist-filmmakers make their thoughts known as well. Consequently, the critical reflections gathered here are decidedly pluralistic and heterogeneous, inviting—not bracketing or partitioning—the dynamism and diversity of the arts, humanities, social sciences, and even natural sciences (in so far as we are biological beings who are trying to track our cognitive and perceptual understanding of a nonbiological thing—namely, film, whether celluloid-based or in digital form); these disciplines, so habitually cordoned off from one another, are brought together into a shared conversation about a common object and domain of investigation. This book will be of interest to theorists and practitioners of nonfiction film; to emerging and established scholars contributing to the secondary literature; and to those who are intrigued by the kinds of questions and claims that seem native to nonfiction film, and who may wish to explore some critical responses to them written in engaging language.

**Film, Philosophy and Religion** Hollywood is a \$40 billion annual business, one that is highly influential in culture. If we want to know who we are as individuals and a society, what we believe and what we value, we need to know and understand Hollywood and film. Make no mistake, Hollywood is neither philosophically, politically, nor morally neutral! Many studies demonstrate how movies "affect" us long before we have thought it through. In other words, Hollywood "smuggles" all kinds of ideas into our minds and hearts without us even knowing it. While Hollywood may be the biggest and most influential in the world, this book will demonstrate the growing international influence of film from India (Bollywood), Nigeria (Nollywood), Zimbabwe (Zollywood) and Yesilçam (Turkey). 'Film, Philosophy and Religion' explicitly and implicitly takes a philosophical approach to analyzing film theoretically and methodologically. There are topic and film-specific chapters that take a theological approach, and others that explore ideas like Affect, Axiology, Art Reflecting the Artist and Transcendence (Spirituality) of Film. Hermeneutics also have a central role in the book, including films based on biblical texts that act as interpretations of these texts and fill in the blanks (albeit speculatively by way of script and directors). Chapters also explore the philosophy of aesthetics and film realism which end with theology, while other chapters explore the incompatibility of science with religion, as well as a chapter on the timely topic of rape in Turkish film. The book's scope goes from the "Horror of Evil in Ridley Scott's *Alien Universe*" to "Love Can Thaw a Frozen Heart: The Philosophy of Love in the Frozen Films" (Disney Princess Narratives). This book represents international films and scholars. The diverse perspectives from theist to atheist—and everything in-between—are sure to spark thinking and generate talking points that provide something for everyone in an accessible format. It will be of great interest to university students and professors, scholars, seminaries, and the general public.

**Dictionary of Early American Philosophers** John R. Shook 2012-04-05 The *Dictionary of Early American Philosophers*, which contains over 400 entries by nearly 300 authors, provides an account of philosophical thought in the United States and Canada between 1600 and 1860. The label of "philosopher" has been broadly applied in this *Dictionary* to intellectuals who have made philosophical contributions regardless of academic career or professional title. Most figures were not academic philosophers, as few such positions existed then, but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy, rhetoric, the arts, history, politics, economics, sociology, psychology, medicine, anthropology, religion, metaphysics, and the natural sciences. Each entry begins with biographical and career information, and continues with a discussion of the subject's writings, teaching, and thought. A cross-referencing system refers the reader to other entries. The concluding bibliography lists significant publications by the subject, posthumous editions and collected works, and further reading about the subject. **Religion and Film** Stefanie Knauss 2020-01-29 This critical overview of the field of film and religion distinguishes three complementary approaches: the study of film as text, the investigation of how film affect audiences, and the consideration of film and religion as agents in cultural processes. The overview concludes with a reflection on theories and methodologies of the field and some possibilities for future development.

**The Routledge Handbook of Islam and Gender** Justine Howe 2020-11-10 Given the intense political scrutiny of Islam and Muslims, which often centres on gendered concerns, *The Routledge Handbook of Islam and Gender* is an outstanding reference source to key topics, problems, and debates in this exciting subject. Comprising over 30 chapters by a team of international contributors the *Handbook* is divided into seven parts: Foundational texts in historical and contemporary contexts Sex, sexuality, and gender difference Gendered piety and authority Political and religious displacements Negotiating law, ethics, and normativity Vulnerability, care, and violence in Muslim families Representation, commodification, and popular culture These sections examine key debates and problems, including: feminist and queer approaches to the Qur'an, hadith, Islamic law, and ethics, Sufism, devotional practice, pilgrimage, charity, female religious authority, global politics of feminism, material and consumer culture, masculinity, fertility and the family, sexuality, sexual rights, domestic violence, marriage practices, and gendered representations of Muslims in film and media. *The Routledge Handbook of Islam and Gender* is essential reading for students and researchers in religious studies, Islamic studies, and gender studies. The *Handbook* will also be very useful for those in related fields, such as cultural studies, area studies, sociology, anthropology, and history.

**Contemporary Spiritualities** Stefania Palmisano 2020-11-01 Contemporary alternative spirituality, as studied by

sociologists, is usually seen as a recent phenomenon dating from the 1960s and 1970s. However, when viewed from a longer-term perspective this form of religious expression is actually seen to reintroduce concepts that recur throughout Western cultural history. This book argues, therefore, that spirituality in the 21st Century actually shares many of the same characteristics as Classical, Mediaeval, Renaissance and Modern spiritualities. It is neither entirely new, nor is it clearly alternative to more established religions. The book is divided into two parts. The first sets out the context in which contemporary alternative spirituality has formed, charting its development as an academic term and a social phenomenon. The second part looks at how these two elements have developed in countries that are historically Catholic, focussing on specific examples in contemporary Italy: spiritualities based on the sacralisation of nature; those concerned with health and wellbeing; and those which are fascinated by mystery. Catholic majority countries are particularly interesting in this instance, as the Catholic Church has a unique cultural hegemony with which to compare alternative spiritual practices. It concludes that spirituality, if framed in a longer historical perspective, is a way of acting and seeing the world which was built, and continues to be built upon complex relations with various contradictory sources of authority, such as religion, magic thinking, secularism, rationalism, various spheres of lay culture. This is a bold take on the spirituality milieu and as such will be of great interest to scholars of Religious Studies working on the sociology of religion, contemporary spirituality and the rise of the "spiritual but not religious".

*The Bloomsbury Companion to Islamic Studies* Clinton Bennett 2014-11-20 The Bloomsbury Companion to Islamic Studies is a comprehensive one volume reference guide to Islam and study in this area. A team of leading international scholars - Muslim and non-Muslim - cover important aspects of study in the field, providing readers with a complete and accessible source of information to the wide range of methodologies and theoretical principles involved. Presenting Islam as a variegated tradition, key essays from the contributors demonstrate how it is subject to different interpretations, with no single version privileged. In this volume, Islam is treated as a lived experience, not only as theoretical ideal or textual tradition. Featuring a series of indispensable research tools, including a substantial A-Z of key terms and concepts, chronology and a detailed list of resources, this is the essential reference guide for anyone working in Islamic Studies.

*The Sacred and the Cinema* Sheila J. Nayar 2012-03-29 For more than half a century now, scholars have debated over what comprises a 'genuinely' religious film-one that evinces an 'authentic' manifestation of the sacred. Often these scholars do so by pitting the 'successful' films against those which propagate an inauthentic spiritual experience-with the biblical spectacular serving as their most notorious candidate. This book argues that what makes a filmic manifestation of the sacred true or authentic may say more about a spectator or critic's particular way of knowing, as influenced by alphabetic literacy, than it does about the aesthetic or philosophical-and sometimes even faith-based-dimensions of the sacred onscreen. Engaging with everything from Hollywood religious spectacles, Hindu mythologicals, and an international array of films revered for their 'transcendental style,' The Sacred and the Cinema unveils the epistemic pressures at the heart of engaging with the sacred onscreen. The book also provides a valuable summation of the history of the sacred as a field of study, particularly as that field intersects with film.

*The Bloomsbury Companion to Jewish Studies* Dean Phillip Bell 2013-08-15 The Bloomsbury Companion to Jewish Studies is a comprehensive reference guide, providing an overview of Jewish Studies as it has developed as an academic sub-discipline. This volume surveys the development and current state of research in the broad field of Jewish Studies - focusing on central themes, methodologies, and varieties of source materials available. It includes 11 core essays from internationally-renowned scholars and teachers that provide an important and useful overview of Jewish history and the development of Judaism, while exploring central issues in Jewish Studies that cut across historical periods and offer important opportunities to track significant themes throughout the diversity of Jewish experiences. In addition to a bibliography to help orient students and researchers, the volume includes a series of indispensable research tools, including a chronology, maps, and a glossary of key terms and concepts. This is the essential reference guide for anyone working in or exploring the rich and dynamic field of Jewish Studies.

*Film and the Afterlife* David Rankin 2019-07-15 This book explores how post-death existence is represented in popular film, looking at issues such as continuity, personal identity, and the nature of existence beyond the grave. Film often returns to the theme of dying, death and the afterlife, both directly and indirectly, because there are very few subjects as compelling and universal. The book compares the representation of death, dying and the afterlife in films to scholarly surveys of attitudes towards life-after-death through the analysis of twenty films made between the end of World War II and now. It looks at the portrayals of stages between death and a final destination; spatio-temporal and personal continuity; the nature of afterlife existence in terms of embodiment, or not; and the contact between the worlds of the living and the dead. This book offers a wide-ranging view on a compelling subject in film. As such, it will be of great interest to scholars of Religion and Film, Religion and Media, the Philosophy of Religion, and the Sociology of Religion, as well as Religion, Media and Film Studies more generally .

*Salvation from Cinema* Crystal Downing 2015-10-23 Salvation from Cinema offers something new to the burgeoning field of "religion and film": the religious significance of film technique. Discussing the history of both cinematic devices and film theory, Crystal Downing argues that attention to the material medium echoes Christian doctrine about the materiality of Christ's body as the medium of salvation. Downing cites Jewish, Muslim, Buddhist, and Hindu perspectives

on film in order to compare and clarify the significance of medium within the frameworks of multiple traditions. This book will be useful to professors and students interested in the relationship between religion and film.

*T&T Clark Companion to the Bible and Film* Richard Walsh 2018-06-28 The first decades of the twenty-first century saw a resurgence of the biblical epic film, such as Noah and Exodus: Gods and Kings, which was in turn accompanied by a growth of biblical film criticism. This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics. Non-Hollywood and seemingly "non-biblical" films also come under investigation. The contributors concentrate on three points: "context", focusing on the 'Bible in' specific film genres and cultural situations; "theory", applying theory from both religion and film studies, with an eye to their possible intersections; and "recent and significant texts", reflecting on which texts and themes have been most important in 'biblical film' and which are currently at the fore. Exploring cinema across the globe, and accompanied by extended introductory essays for each of the three sections, this companion is an important resource for scholars in both film and biblical reception.

*The Routledge Companion to Religion and Film* John Lyden 2009-05-07 The Routledge Companion to Religion and Film brings together a lively and experienced team of contributors to introduce students to the key topics in religion and film and to investigate the ways in which the exciting subject of religion and film is developing for more experienced scholars. *Bible and Cinema* Adele Reinhartz 2022-03-31 Bible and Cinema: An Introduction is a comprehensive examination of how the Bible has been used and represented in mainstream cinema to develop its plots, characters, and themes. The book considers two general types of films: Bible movies that retell biblical stories, such as the Exodus and the life of Jesus, and Bible-related movies that make use of biblical books, stories, verses, and figures, and Bibles themselves to tell non-biblical, often fictional, narratives. Topics covered include: the contribution of Bible and Bible-related movies to the history of the Bible's reception; the ways in which filmmakers make use of scripture to address and reflect their own time and place; the Bible as a vehicle through which films can address social and political issues, reflect human experiences and emotions, explore existential issues such as evil and death, and express themes such as destruction and redemption; the role of the Bible as a source of ethics and morality, and how this role is both perpetuated and undermined in a range of contemporary Hollywood films; and film as a medium for experiences of transcendence, and the role of the Bible in creating such experiences. This thoroughly updated second edition includes insightful analysis of films such as Noah, Gods and Men, Mary Magdalene, and The Shawshank Redemption, paying attention to visual and aural elements as well as plot, character, and dialogue. The book also includes pedagogical resources including discussions of film theory, as well as key words and discussion questions. Teachers, students, and anyone interested in the intersection of Bible and cinema will find this an invaluable guide to a growing field.

*Religion in Contemporary European Cinema* Costica Bradatan 2014-02-18 The religious landscape in Europe is changing dramatically. While the authority of institutional religion has weakened, a growing number of people now desire individualized religious and spiritual experiences, finding the self-complacency of secularism unfulfilling. The "crisis of religion" is itself a form of religious life. A sense of complex, subterranean interaction between religious, heterodox, secular and atheistic experiences has thus emerged, which makes the phenomenon all the more fascinating to study, and this is what Religion in Contemporary European Cinema does. The book explores the mutual influences, structural analogies, shared dilemmas, as well as the historical roots of such a "post-secular constellation" as seen through the lens of European cinema. Bringing together scholars from film theory and political science, ethics and philosophy of religion, philosophy of film and theology, this volume casts new light on the relationship between the religious and secular experience after the death of God.
