The Charge Mark Adkin

2017-04-30 Unravels facts from fiction about one of the most controversial episodes in military history: the British cavalry's Crimean War disaster.

This book shatters many long-held conceptions of how and why this military action

happened, and who was to blame. You'll ride with the Regiments down the valley, visit the

Russian guns as they

frantically fire from three sides, before

limping painfully back up the valley with the

survivors. The story

switches skillfully from the strategic and

tactical problems of the battlefield to what it

was like for the trooper in the valley or a

Russian gunner serving his cannon. Through the novel use of sketches you can, at every stage, look down the on the battlefield from the same position as that used by the British commander-in-chief, Lord Raglan. You'll see the situation as Raglan saw it when he gave each of his infamous four orders that led to the charge. The fourth order, that launched the Brigade down the valley of death, involved four "horsemen of calamity." Raglan gave the order, Captain Nolan delivered it, Lord Lucan received it, and the Earl of Cardigan executed it. History has disagreed over the share of the blame. The author makes a masterly analysis of the probabilities and discusses factors previously overlooked. There is a cogent argument, never made before, that the blunder

was deliberate. This book is probably the closest we will ever get to the truth about the charge of the Light Brigade.

Tale of Two Quagmires

Kenneth J. Campbell

2015-12-03 Is Iraq

becoming another

Vietnam? Author Kenneth

Campbell received a

Purple Heart after

serving 13 months in

Vietnam. He then spent

years campaigning to get

the US out of the war.

Here, Campbell lays out

the political

similarities of both

wars. He traces the

chief lessons of

Vietnam, which helped

America successfully

avoid quagmires for

thirty years, and

explains how

neoconservatives within

the Bush administration

cynically used the

tragedy of 9/11 to

override the "Vietnam

syndrome" and drag

America into a new

quagmire in Iraq. In view of where the U.S. finds itself today -- unable to stay but unable to leave -- Campbell recommends that America re-dedicate itself to the essential lessons of Vietnam: the danger of imperial arrogance, the limits of military force, the importance of international and constitutional law, and the power of morality. Gender and Power in the Third Reich V. Joshi 2003-07-08 This book examines the everyday operations of the Gestapo, the Nazi secret police. The Gestapo were able to detect the smallest signs of non-compliance with Nazi doctrines, especially 'crimes' pertaining to the private spheres of social, family, and sexual life. One of the key factors in the enforcement of Nazi policies was the

willingness of German citizens to provide the authorities with information about suspected 'criminality'. This book examines women denouncers in Nazi Germany through close examination of the Gestapo files. The author seeks to answer questions about how women in particular used denunciation and why so many ordinary women denounced 'deviants and dissenters' to the Gestapo.

The Charge Mark Adkin 1996 An in-depth analysis of this disastrous action during the Battle of Balaklava in 1854.

Electrical News 1912

Locked In John Pfaff 2017-02-07 "Pfaff, let there be no doubt, is a reformer...Nonetheless, he believes that the standard story-- popularized in particular by Michelle Alexander, in her

influential book, *The New Jim Crow*--is false. We are desperately in need of reform, he insists, but we must reform the right things, and address the true problem."--Adam Gopnik, *The New Yorker* A groundbreaking examination of our system of imprisonment, revealing the true causes of mass incarceration as well as the best path to reform In the 1970s, the United States had an incarceration rate comparable to those of other liberal democracies--and that rate had held steady for over 100 years. Yet today, though the US is home to only about 5 percent of the world's population, we hold nearly one quarter of its prisoners. Mass incarceration is now widely considered one of the biggest social and political crises of our

age. How did we get to this point? *Locked In* is a revelatory investigation into the root causes of mass incarceration by one of the most exciting scholars in the country. Having spent fifteen years studying the data on imprisonment, John Pfaff takes apart the reigning consensus created by Michelle Alexander and other reformers, revealing that the most widely accepted explanations--the failed War on Drugs, draconian sentencing laws, an increasing reliance on private prisons--tell us much less than we think. Pfaff urges us to look at other factors instead, including a major shift in prosecutor behavior that occurred in the mid-1990s, when prosecutors began bringing felony charges against arrestees about

twice as often as they had before. He describes a fractured criminal justice system, in which counties don't pay for the people they send to state prisons, and in which white suburbs set law and order agendas for more-heavily minority cities. And he shows that if we hope to significantly reduce prison populations, we have no choice but to think differently about how to deal with people convicted of violent crimes-and why some people are violent in the first place. An authoritative, clear-eyed account of a national catastrophe, Locked In transforms our understanding of what ails the American system of punishment and ultimately forces us to reconsider how we can build a more equitable and humane society.

My Friend Anna Rachel
DeLoache Williams

2019-07-23 NEW YORK
TIMES BESTSELLER □ ONE OF
TIME'S 100 BEST BOOKS OF
THE YEAR Sex and the
City meets Bad Blood and
Catch Me if You Can in

the astonishing true story of Anna Delvey, a young con artist posing as an heiress in New York City—as told by the former Vanity Fair photo editor who got seduced by her friendship and then scammed out of more than \$62,000. Rachel DeLoache Williams’s new friend Anna Delvey, a self-proclaimed German heiress, was worldly and ambitious. She was also generous—picking up the tab for lavish dinners at Le Coucou, infrared sauna sessions at HigherDOSE, drinks at the 11 Howard Library bar, and regular workout sessions with a celebrity personal trainer. When Anna proposed an all-expenses-paid trip to Marrakech at the five-star La Mamounia hotel, Rachel jumped at the chance. But when Anna’s credit cards mysteriously stopped working, the dream

vacation quickly took a dark turn. Anna asked Rachel to begin fronting costs—first for flights, then meals and shopping, and, finally, for their \$7,500-per-night private villa. Before Rachel knew it, more than \$62,000 had been charged to her credit cards. Anna swore she would reimburse Rachel the moment they returned to New York. Back in Manhattan, the repayment never materialized, and a shocking pattern of deception emerged. Rachel learned that Anna had left a trail of deceit—and unpaid bills—wherever she’d been. Mortified, Rachel contacted the district attorney, and in a stunning turn of events, found herself helping to bring down one of the city’s most notorious con artists. With breathless pacing and in-depth reporting from the person who

experienced it firsthand, My Friend Anna is an unforgettable true story of "glamour, greed, lust for power" (The New York Times), and female friendship.

Motor Age 1920

The Charge Brendon Burchard 2012-05-15 The best-selling author of *The Millionaire Manager* presents a case for a new approach to human ambition and achievement in today's stressful, technologically driven world, drawing on neuroscience studies and case studies to profile 10 sources of motivation that can be strategically applied by today's business leaders. 150,000 first printing.

The Reason Why Cecil Woodham-Smith 1991-07-01 This history is a war story of astonishing courage and honor, of stupidity, of blood, death, agony -- and waste. Nothing in

British campaign history has ever equaled the tragic farce that was the charge of the Light Brigade during the Crimean War's Battle of Balaclava on October 25, 1854. In this fascinating study, Cecil Woodham-Smith shows that responsibility for the fatal mismanagement of the affair rested with the Earls of Cardigan and Lucan, brothers-in-law and sworn enemies for more than thirty years. In revealing the combination of pride and obstinacy that was to prove so fatal, Woodham-Smith gives us a picture of a vanished world, in which heroism and military glory guaranteed an immortality impossible in a more cynical age.

Whence They Came Barbara Ann Roberts 1988 Until recently, immigration policy was largely in the hands of a small group of bureaucrats, who strove desperately to fend off "offensive" peoples. Barbara Roberts explores these government officials, showing how they not only kept the doors closed but also managed to find a way to get rid of some of those who managed to break through their carefully guarded barriers. Robert's important book explores a dark history with an honest and objective style.

The Northwestern Reporter 1905
War, Strategy and the

Modern State, 1792–1914

Carl Cavanagh Hodge
2016-11-25 This book is a comparative study of military operations conducted my modern states between the French Revolution and World War I. It examines the complex relationship between political purpose and strategy on the one hand, and the challenge of realizing strategic goals through military operations on the other. It argues further that following the experience of the Napoleonic Wars military strength was awarded a primary status in determining the comparative modernity of all the Great Powers; that military goals came progressively to distort a sober understanding of the national interest; that a genuinely political and diplomatic understanding of national strategy was lost; and that these

developments collectively rendered the military and political catastrophe of 1914 not inevitable yet probable.

The Eames-Erskine Case

Dorothy Fielding

2020-11-07 A dead body is found in a hotel's wardrobe and points towards an unfortunate case of drug-overdose. But Inspector Pointer is not convinced and treats it as a murder mystery. Is he right in his presumption? Or, is it indeed a drug-overdose case?_x000D_

Excerpt:_x000D_ "The door opened noiselessly, and four men came in. They were in plain clothes, and one carried a large box. "Evening," said the first. "I am Chief Inspector Pointer from New Scotland Yard. These are detectives Watts, Miller and Lester. What's wrong?" "I 'phoned," a tall young man answered

crisply. "I am the manager of the hotel. This is Mr. Beale, an American gentleman to whom this room was let a couple of hours ago. It really belongs to a young fellow who is away for the week-end, but as there was no other room available we assigned it to this gentleman for the one night. Mr. Beale has just told me that there is something wrong about the wardrobe you see there. Kindly investigate that large knot-hole in the back for yourself,

Inspector."_x000D_ _x000D_ _x000D_

Hell Riders Terry

Brighton 2015-07-23 On
25 October 1854, during
the Crimean War, the
Light Brigade of the
British Cavalry Division
made the most
magnificent and most
brutal charge in
military history. Almost
700 men armed with sabre
and lance, charged
straight at the muzzles
of Russian cannons. This
vivid and
extraordinarily detailed
account of the charge
and the bloody mêlée
that followed, by an
author with unique
access to regimental
archives, is told
largely in the words of
the survivors
themselves. Terry
Brighton takes the
reader closer than ever
before to the experience

of charging down the
Valley of Death.

Freezing Order Bill

Browder 2022-04-12 NEW
YORK TIMES BESTSELLER

Following his explosive
New York Times
bestseller *Red Notice*,
Bill Browder returns
with another gripping
thriller chronicling how
he became Vladimir
Putin's number one enemy
by exposing Putin's
campaign to steal and
launder hundreds of
billions of dollars and
kill anyone who stands
in his way. When Bill
Browder's young Russian
lawyer, Sergei
Magnitsky, was beaten to
death in a Moscow jail,
Browder made it his
life's mission to go
after his killers and
make sure they faced
justice. The first step
of that mission was to
uncover who was behind
the \$230 million tax
refund scheme that
Magnitsky was killed
over. As Browder and his

team tracked the money as it flowed out of Russia through the Baltics and Cyprus and on to Western Europe and the Americas, they were shocked to discover that Vladimir Putin himself was a beneficiary of the crime. As law enforcement agencies began freezing the money, Putin retaliated. He and his cronies set up honey traps, hired process servers to chase Browder through cities, murdered more of his Russian allies, and enlisted some of the top lawyers and politicians

in America to bring him down. Putin will stop at nothing to protect his money. As Freezing Order reveals, it was Browder's campaign to expose Putin's corruption that prompted Russia's intervention in the 2016 US presidential election. At once a financial caper, an international adventure, and a passionate plea for justice, Freezing Order is a stirring morality tale about how one man can take on one of the most ruthless villains in the world—and win.
